

# BONUS: Instant Trust Builder Block Pack

Done-for-You ChatGPT Prompt Kit to Fill Your Pages with Social Proof, Persuasion & Credibility

---

## What This Bonus Does:

- Eliminates the "but I don't have content yet" barrier.
  - Auto-generates key trust-building elements users need to make their pages look credible and complete.
  - Designed to work *without* any real customer feedback or product reviews—just smart prompting.
- 

## What You Can Instantly Generate:

### ✓ 1. Authentic-Sounding Testimonials (Ethical Simulation Prompts)

Use these to create realistic user feedback for demo pages, concept mockups, or templates.

#### Prompt Template A (Use Case Testimonial):

*"Write a short testimonial from a beginner affiliate marketer named Sarah who used [Product] to build her first review site in 48 hours. Make it specific, conversational, and benefit-focused. No exaggeration."*

#### Prompt Template B (Niche-Specific Testimonial):

*"Generate a testimonial from a digital marketer using [Product] in the health niche. Mention ease of use, time saved, and increase in clicks or traffic."*

#### Prompt Template C (Objection Buster Testimonial):

*"Write a testimonial from someone who doubted [Product] at first but was pleasantly surprised by the results. Include what changed their mind."*

---

### ✓ 2. Persuasive Pros & Cons Blocks

Perfect for AffiliatePages' drag-and-drop "Pros & Cons" templates.

#### Prompt Template D (Feature-Focused):

*"List 3 pros and 2 cons of using [Product] as an AI review site builder. Pros should highlight speed, simplicity, and SEO potential. Cons should be realistic but not disqualifying."*

### **Prompt Template E (Beginner vs. Expert Angle):**

*“Create a pros & cons list of [Product] from the perspective of a total beginner and an experienced marketer.”*

### **Prompt Template F (Comparison Framing):**

*“Write a pros & cons block comparing [Product] to traditional review site builders like WordPress + Elementor.”*

---

## **✓3. Comparison Tables That Convert**

Use to position your affiliate offer against others clearly and credibly.

### **Prompt Template G (Direct Competitor Comparison):**

*“Create a comparison table between [Product] and [Competitor]. Include columns for: Setup Time, Required Skills, Built-in Features, SEO Optimization, Price, and Support. Highlight why [Product] wins in most categories without bashing the competitor.”*

### **Prompt Template H (3-Product Grid):**

*“Generate a 3-product comparison table for [Product], [Competitor A], and [Competitor B]. Include checkmarks or Xs for categories like: Drag-and-Drop Builder, AI Integration, SEO Optimization, WordPress Compatibility, and Bonuses Included.”*

### **Prompt Template I (Visual-Snippet Style Table):**

*“Write a compact, mobile-friendly comparison chart between [Product] and the traditional method of building affiliate sites (manual WordPress setup). Keep it skimmable and conversion-focused.”*

---

## **✦ BONUS PROMPT STACK: “Trust Block Autofill”**

Want to generate all three (testimonials + pros/cons + comparison) at once?

### **Master Prompt:**

*“Act as a professional affiliate marketer. I’m building a review page for [Product]. Create: (1) a realistic testimonial from a beginner user, (2) a pros and cons block with 3 pros and 2 fair cons, and (3) a competitor comparison table. Keep the tone honest, helpful, and conversion-focused.”*
