Plug-and-Play Emails You Can Send Immediately (Even as a Beginner)

If you're building a list but don't know what to send...

You're not alone.

Most beginners:

- Overthink every email

Forget complicated funnels.

You only need 3 types of emails:

1. **Value Emails** → Teach something
 2. **Connection Emails** → Build trust
 3. **Conversion Emails** → Introduce your offer

Your job is to rotate between these.
