

Daily Action Checklist

Exactly What To Do Every Day to Build Momentum (Even If You're Starting From Zero)

Let's simplify everything.

You don't need:

- More strategies
- More tools
- More information

You need **daily action that compounds**.

This checklist gives you a **repeatable system** you can follow in 60–90 minutes per day to start generating leads and building your business.

The Momentum Rule

Before we begin, understand this:

Small daily actions > occasional big effort

Consistency builds:

- Skill
 - Confidence
 - Results
-

Your goal is simple:

Show up daily. Execute. Improve. Repeat.

🕒 Your Daily Schedule (60–90 Minutes Total)

Step 1: Content Creation (15–20 Minutes)

Goal:

Attract new people into your world

What To Do:

Create **1 simple post per day**

Use This Plug-and-Play Template:

Hook:

“Most beginners struggle with [problem]...”

Value:

“Here’s one simple fix: [tip]”

CTA:

“I made a free guide—link in bio”

✓ Example:

“Most beginners struggle to get their first leads.

The reason? They overcomplicate everything.

Start simple: one offer, one funnel, one traffic source.

I put together a free guide—link in bio.”

Done is better than perfect. Post and move on.

Step 2: Direct Outreach (20–30 Minutes)

Goal:

Start conversations → generate leads

What To Do:

Send **10–20 messages per day**

Who To Message:

- People who liked your post
 - People commenting in your niche
 - Beginners asking questions
-

DM Template:

“Hey [Name], I saw you’re interested in [topic].

I created a free guide that shows how to [result].

Want me to send it over?”

Only send your link after they say YES.

Key Rule:

Be human. Not robotic.

Step 3: Community Engagement (15–20 Minutes)

Goal:

Build authority + attract targeted traffic

What To Do:

- Join 2–3 groups (Facebook, Reddit, etc.)
 - Answer **5–10 questions daily**
-

Response Template:

“Great question—this is something a lot of beginners struggle with.

What helped me was [tip].

I actually made a free guide on this—happy to share if you want it.”

Value first. Offer second.

Step 4: Comment Strategy (10–15 Minutes)

Goal:

Get profile clicks → passive traffic

What To Do:

- Find 5–10 posts in your niche
 - Leave thoughtful comments
-
-

Comment Template:

“This is so true—especially the part about [specific point].

One thing that helped me was [quick tip].”

People will check your profile → click your link.

Step 5: Follow-Up & Replies (10 Minutes)

Goal:

Turn interest into action

What To Do:

- Reply to ALL comments
 - Respond to DMs
 - Follow up with people who didn't reply
-
-

Follow-Up Template:

“Hey [Name], just wanted to follow up—did you still want that guide?”

Most leads come from follow-up.

Weekly Focus (IMPORTANT)

Each day builds momentum.

But each week builds **growth**.

Weekly Targets:

- 7 posts published
 - 70–140 DMs sent
 - 50+ conversations started
 - 20–100 new leads
-
-

This is realistic if you stay consistent.

Weekly Improvement Loop

At the end of each week, ask:

- Which posts got the most engagement?
 - Which messages got replies?
 - Where did leads come from?
-
-

Then do MORE of what works.

⚡ “Low Energy Day” Version (Minimum Action)

If you’re busy or tired, do this:

- 1 quick post

- 5 DMs
 - Reply to messages
-

Never skip the day. Just reduce the load.

Common Mistakes to Avoid

- ✗ Overthinking posts
 - ✗ Not sending DMs
 - ✗ Skipping days
 - ✗ Waiting for perfect conditions
-

Action creates clarity—not the other way around.

Mindset Shift

You're not "posting content."

You're:

- Starting conversations
 - Helping people
 - Building relationships
-

That's what leads to results.

- ✓ Post 1 piece of content
 - ✓ Send 10–20 DMs

Final Thought

You don't need to do everything.

You just need to do **this consistently**.

Day by day.

Step by step.

That's how momentum builds.

That's how results happen.
